

A Really Good Surprise!

Description

On the shelf at Barnes and Noble

We were thrilled to discover *Beyond The Brochure: An Insider's Guide To Private Elementary Schools In Los Angeles* is now available at [Bookstar-Barnes and Noble](#) in Studio City! We had no idea! Its very unusual for a national bookstore chain to carry a self-published book (via Amazon.com). These are the best kind of surprises.

Of course, we are very grateful to Chevalier's on Larchmont and Children's Book World for their continuing support.

Thank you to everyone who has purchased our book and to our blog readers!
