The Waverly School arrived in my life like some sort of granted wish. Itâ€™s as if I willed it and its staff into existence from my most pie-in-the-sky hopes for my childrenâ€™s education.

Once we had children, I started panicking about the state of public education, and started daydreaming about some impossible alternative. What I saw blurrily floating before me was:

1. A modest, energetic place â€“ not too big or small â€“ where children run through the door in the morning shrieking gleefully and run out the door in the afternoon even happier.
2. A place where children with unusual personalities or gifts are treated like a delicious bit of variety and are respected for their eccentricity rather than punished for it.
