It's™ spring and that means Gala and Party Book season at Los Angeles private schools. Most L.A. private schools host an Auction or Gala fundraiser, followed by separate parties hosted by families at the school. The Party Book is a popular way for the school to raise money after the Gala is over. Anybody can join in the Party Book fun or you can host one yourself if you're™ willing to cover the costs of the event. I co-hosted one of these events at our former school (The Willows) and it was a lot of fun—a dance class followed by lunch. I've™ also been to a lot of them, some for grown-ups and others with my kids. These are always some of my favorite events. Depending on the school, Party Book events can be very fancy or low-key (of course, it's™ has its™ own definition in the world of L.A. private schools). Take your pick!

Here are a few Party Book events from private schools around L.A.
