

The Willows School's New (Very) Healthy Hot Lunch Program

Description

A few months ago, my kids school, The Willows, switched to a new, healthier hot lunch program. I have to say, not only do the kids LOVE it, but it really does offer healthy hot lunch options that my kids select again and again. For example:

- Potsticker Dumplings with sugar snap peas and organic brownie
- Spiral Pasta with Marinara Sauce, organic carrot and celery sticks and caesar dip
- Bowl of turkey chili with organic beans, sides of cheese and steamed broccoli and organic apple sauce

Deliciously edible.

Thanks to Bonne Bouffe Catering.
